SHANA

INTERNATIONAL SCHOOL

Introductory Note

Good time management skills increase our productivity and help us get more done. Time management skills help us reduce stress and prioritize our time. Effective time management clarifies our goals and prioritizes our most important tasks. As a result, we have more time to achieve bigger and better results. As the above facts stand true for individuals, it is also detrimental in institutional progress.

Yearly Calendars play very important role in setting up of pace for all kind of Academic and Non- Academic activities in a particular year.

This year we have decided to make this document in little more detail so that all the stakeholders of the school know what, when and why of every activity in the school. I am sure this will help us to keep ourselves aligned with our vision and mission and achieve the common good for everyone.

Curriculum @SHANA

SHANA is one of few schools of India whose curriculum is based on Learning & Life Skills. Learning and Life Skills are compilation of different tools, methods, techniques, processes which help students to enhance their rate of learning. These tools are scientifically tested to enhance thinking skills, creativity, concentration, reasoning, analytical skills, memory skills, study skills, note taking and confidence level of the children.

Important Components of our curriculum.

Linguistic Capacity Enhancement—Our curriculum delves deeper into the need of communication skills and provides adequate opportunity so that they are good listeners, sound speakers, voracious readers and prolific writers.

Vedic Mathematics- Apart from regular mathematics, they are also trained in Vedic mathematics from class III onwards which help them achieve confidence in life. 90% of our students from classes III to X know table up to 100 and around 50% of them know tables up to 1000. They are fond of doing mental calculations.

Aptitude and Mental Ability- Every day they have a dedicated time for Mental ability. We follow different course materials which enhances their mental ability, reasoning and thinking skills.

Yoga-Pranayam- Meditation –Prayer- We believe in strive for the holistic development of the child. Yoga for body, Pranayam for brain, Meditation for mind and prayer for the soul is very important practice at SHANA.

Exercises of Practical life for pre-primary and early primary kids- These exercises help kids to manage self. They enhance their coordination and balance and also create in them a love for day-to-day work.

MTML- My Time My Life Sheet helps them to learn self-management. This sheet is a well meditated document which contains 18 important areas of Life Skills. Every student has to fill this sheet every day and get it checked by their mentor.

Log Book- It is well said that if you can manage your time, you can manage your life.... To enhance the skills of time management every student is encouraged to fill their log book.

Curriculum @SHANA

Daily Diary- Daily diary helps students to reflect on what they have learnt today. They write about at least one good thing that happened in the day. It helps them to have a sense of achievement. Every student at SHANA looks forward to write their daily diaries...they even have freedom to express them in form of drawings or sketches or videos....

Counseling sessions: We do not believe in punishments of any sort rather we believe in rewards. Whenever a child commits any mistake, we don't punish the child but to correct him or her we send the counseling sessions. Every mentor at SHANA has a basic understanding and training in child psychology. We also join hands with parents for this.

Saturday Movies- Every alternate Saturdays we show them movies and after that they do a worksheet which helps them to reflect on the points which they learnt from it. We choose movies which are very popular among students....

Field Trips- Every year at least twice they go for field trips. They are in groups away from their family for a week. This helps them to better bonding with their school mates and mentors and this bonding helps us to teach them

Visits- We always try that they should visit various places in their neighborhood so that they can learn from life. They visit to orphanage, old age home, railway station, police station, Government offices, factories, business establishments, markets etc.

Celebrations- The other name of SHANA is Celebration of Life; At SHANA we celebrate all the festivals with great fervor and enthusiasm. Birthday of every mentor and student is a special day. It creates a sense of family and we love to be called as SHANA Family.

Quality Circle time: This is a special time when students and mentors sit together and discuss various issues which concern them. Mentors also share stories, anecdotes from the life of great personalities

Fun Day: Saturdays are Fun Days at SHANA. Mentors conduct their weekly evaluations and students love to call their Evaluation HAPPY TIME. We organize long assembly, physical endurance assessment visits, and CCA activities on Saturdays....

Curriculum @SHANA

Project based science- Our students love to do projects as science evaluation.

Information and Technology- When most schools are busy in teaching their children how to operate a computer, we are busy in making them programmers, website developers, animators and computer hardware specialist. Apart from this hard-core IT training we give them more and more encouragement to use IT enabled Learning Tools.

Learning from Life- At SHANA, we believe that knowing is not enough unless we know how to put things into practice... for us learning comprises of four important aspects- Knowing, Understanding, Implementing and contribution. Action Intelligence is the capacity of contributions in our own life in the life of others... To teach this we inculcate in our curriculum various activities like – Work to earn, Donations, Bringing Change by Social initiative, Helping parents at home, Plantation, Adoption of tree

Learning Skills- Learning Skills is the set of habits, principles and practiced methods which help us to accelerate our learning by maximum or optimum utilization of our body, brain, mind and consciousness. These skills help students to learn faster, easily and retain it for a long duration which in turn creates confidence in them. At SHANA, we have inculcated Learning skills in our curriculum which have enabled our children to create history..... They can memorize anything even a whole book that also without any stress YOU need to see this practically to believe this.

Festivals and Celebrations @SHANA

Festivals and Celebrations @SHANA

Festivals are an expressive way to celebrate glorious heritage, culture and traditions. They are meant to rejoice special moments and emotions in our lives with our loved ones. They play an important role to add structure to our social lives, and connect us with our families and backgrounds. They give us a distraction from our day to day, exhausting routine of life, and give us some inspiration to remember the important things and moments in life. Festivals were started to pass the legends, knowledge and traditions onto the next generation.

All festivals are cultural in one way or another. There are many types of cultural festivals such as National, Religious and Seasonal. They all serve the purpose of bringing happiness to our lives, and strengthen our sense of community.

National Festivals: They connect us as a people of a nation. National festivals connect citizens to important moments of a nation's history such as: the founding day of a nation, our Independence Day or in Europe VE day (Victory of Europe during WWII) is celebrated throughout the continent, with many nations having a public holiday. They solidify patriotic spirits in the society.

Religious Festivals: religious festivals are important for families. To keep this simple we can all agree that religious festivals help us to teach principles and ethics to our next generations. All different religious festivals bring the same message of love, tolerance and understanding. On these occasions we express our gratitude to God, for the special thing or event that originated on this particular festival.

Seasonal Festivals: Seasonal festivals reflect attitude of people towards nature. These festivals are important because they are related to food supply. Human beings should adore the nature and acknowledge its beneficence before partaking any of its gifts.

Overall, in simple terms, universally all festivals are related to harmony, peace and happiness. It is imperative for schools to celebrate these Festivals so that every child is able to learn about them and enjoy irrespective of their family conditions.

April 2024

22- April-2024 – Earth Day (Monday)

Earth day is celebrated on April 22 every year. The day marks the anniversary of the birth of the modern environmental movement in 1970.

For the past 52 years, Earth Day has been celebrated around the world to draw attention to some of our most pressing environmental and social problems, including climate change, biodiversity loss, and depleting natural resources.

Activities to be conducted:

-Assembly Talk by the Science Mentor (Seniors)

Plantation Activity in the school campus.

(Students will bring saplings from home and plant in the school campus)

May 2024

10-May-2024 - Akshaya Tritiya (Friday)

Akshaya Tritiya also known as Akti or Akha Teej. Akshaya Tritiya is celebrated on Tritiya Tithi of Shukla Paksha of Indian Vaishakh month. According to the Gregorian calendar, it falls in the month of April-May. It is said that on this day both the Sun and the Moon are at their best on their respective planets. This day is also known as 'Akha Teej'.

Akshaya Tritiya is one of the most sacred and auspicious days celebrated by Hindus across the country. It is believed that whatever starts on this day always comes out victorious. Thus, this day signifies good luck, success and fortune gains. It holds even more importance in Bikaner as it is considered as the Foundation Day of Bikaner City.

Activity - (One day before)

1. Special Talks in the classroom by SST mentors
2. Kite Making activity during Craft Classes
3. Kite Flying activity in evening (Only Hostellers)
4. Special Menu for the Hostellers.

9 May 2024 - Mother's Day (Thursday)

Mother's Day is celebrated all over the world on the second Sunday of May every year. It is marked to recognize the immeasurable contribution of mothers in building the lives of their children.

Though a day is not enough for many people to thank their mothers, but this occasion gives everyone a chance to do something special for the mothers around them.

Activities to be done by children at Home and Hostel

1. Celebrate the day by Worshipping your mother
2. Prepare a nice breakfast for her.
3. Make a beautiful greeting card for her
4. Hostellers will write a letter to their mother.

June 2024**20 June 2024 - Father's Day (Thursday)**

Father's Day is celebrated every year on the third Sunday of June in most parts of the world. This year Father's Day will be celebrated on 19 June 2022. This day is celebrated every year to recognize the contribution and importance of fathers in the lives of their children. International Father's Day is about honoring the joys of parenthood and the bond shared.

July 2024**21 July 2024 - Guru Purnima (Sunday)**

Guru Purnima is the day when the first guru was born. In the yogic culture, Shiva is not seen as a god, he is seen as the Adiyogi, or the first yogi. Guru Purnima is that full moon day when the first yogi transformed himself into the Adi Guru – the first guru.

Guru Purnima, also known as Vyasa Purnima, is observed and celebrated every year throughout India. This year, Guru Purnima will be celebrated on July 21. Maharishi Ved Vyasa's birthday is commemorated on this day who wrote The Mahabharata, among other holy books. Pupils worship their spiritual Gurus (Teachers or Gods) on this day for imparting their knowledge for living a happy life. Guru Purnima is observed by people of many religions, including Hindus, Buddhists, and Jains, across the country since Gurus and teachers are significant to everyone.

Activities to be Conducted in School: (One Day Before)

Guru Purnima Celebration is a school celebration which will be organised by students of all classes in the leadership of class 9th to show their love and respect for the Gurus.

August 2024**15 August 2024 - Independence Day (Thursday)**

15th August is celebrated as the Independence in our country. Independence Day promotes nationalism and patriotism towards the nation. It is one of the great days everyone remembers the sacrifices made by our freedom fighters to get Independence. Also, it teaches everyone to know the importance of Independence.

All the citizens of this country need to celebrate the Independence Day to show our solidarity towards the nation. It also displays the respect we have for the freedom fighters who gave their lives for Independence. Independence Day celebration also inspires the young generation to serve the country.

Activities to be conducted:

1. Flag Hoisting
 2. Cultural Program on the Patriotic Theme
 3. Sweet Distribution
-

19 August 2024 – Raksha Bandhan (Monday)

Literally meaning “safety” and “bond”, Raksha Bandhan celebrates the unique bond between a brother and his sister. The festival is observed on the full-moon day or Purnima in the Hindu calendar month of Shravan. This year it falls on August 19.

The story of Raksha Bandhan is related to the Hindu epic Mahabharata. In Mahabharata, Lord Krishna once cut his finger which then started bleeding. Seeing this Draupadi then tore a piece of cloth from her saree and tied it on his finger to stop the bleeding. The piece of cloth then became a sacred thread.

Considering the cloth that she tied a sacred thread, Krishna promised her that he will protect her from all evils throughout his life. When the Kauravas tried to disrobe Draupadi — after pulling her by her hair, dragging her to the court, and manhandling her — Krishna salvages her dignity by providing immeasurable reams of cloth to keep her covered.

The act of Draupadi tying a piece of cloth on Krishna's wounded finger is synonymous with Raksha Bandhan — a girl tying Rakhi on her brother's wrist and he, in turn, promising to protect her just as Krishna protected Draupadi.

Activities - (Two days before)

1. Rakhi Tying activity (All Classes and mentors in the last period)
-

-

September 2024

5 September 2024 - Teacher's Day (Thursday)

The teachers' day is celebrated to mark the birth anniversary of our second President Dr Sarvepalli Radhakrishnan. Despite all his achievements and contributions, Radhakrishnan remained a teacher throughout his life. Teachers' Day is celebrated to honor the memory of India's first Vice President and to commemorate the importance of teachers in our lives. During his tenure as a President of India (from 1962-67), his students and friends requested him to celebrate his birthday. He replied, “Instead of celebrating my birthday, it would be my proud privilege if September 5 is observed as Teachers' Day.” Since then, his birthday has been observed as Teachers' Day.

Activities to be Conducted:

1. Cultural Program by students
 2. Felicitation of the mentors
-

7-September- 2024 - Ganesh Chaturthi (Saturday)

Ganesh Chaturthi, also called Vinayaka Chaturthi, in Hinduism, 10-day festival marking the birth of the elephant-headed deity Ganesha, the god of prosperity and wisdom. It begins on the fourth day (Chaturthi) of the month of Bhadrapada (August–September), the sixth month of the Hindu calendar. 26 October 2024 – Diwali celebration (Saturday)

There are seven different reasons why different parts of India celebrate Diwali.

1. According to Ramayana, Lord Rama, his wife Sita and brother Laxmana finally returned to Ayodhya after spending 14 years in exile and defeating the demon king Raavana. Diwali marks his return to his home.
-

2. According to the most popular tradition, Diwali is celebrated as the day Goddess Lakshmi was born from Samudra Manthan, the churning of the cosmic ocean of milk by the gods and demons. Lakshmi chose Vishnu as her husband on the night of Diwali, and the two were bonded in holy matrimony.
3. In the epic Mahabharata, the five Pandava brothers had been tricked into losing a bet in gambling after which the Kauravas banished them for 12 years. As per the epic, Diwali is the day on which the Pandavas return to Hastinapur on the night of Kartik Amavasya.
4. In Sikhism, Diwali is related to the event of Guru Hargobind's release by Mughal emperor Jehangir.
5. In Jainism, the festival of Diwali is celebrated to observe the anniversary of Mahavira's soul finally attaining Nirvana.
6. In some states in western India, such as Gujarat, the festival of Diwali signifies the start of a new year.
7. Eastern India, especially West Bengal, celebrates Diwali as Kali Puja, in honour of Goddess Kali, who is known to have gone on a destructive rampage to cleanse the earth of all demons.

Activities to be conducted:

1. Classroom Decoration (Whole School)
 2. Fireless Cooking (Classes 3rd to 12th)
 3. Fun Stalls to raise funds for Akshay Patra (Parents and Students)

December 2024

·24th December 2024- Christmas Celebration

Christmas is celebrated to remember the birth of Jesus Christ, who Christians believe is the Son of God. The name 'Christmas' comes from the Mass of Christ (or Jesus). A Mass service (which is sometimes called Communion or Eucharist) is where Christians remember that Jesus died for us and then came back to life. The 'Christ-Mass' service was the only one that was allowed to take place after sunset (and before sunrise the next day), so people had it at Midnight! So we get the name Christ-Mass, shortened to Christmas.

Christmas is now celebrated by people around the world, whether they are Christians or not. It's a time when family and friends come together and remember the good things they have. People, and especially children, also like Christmas as it's a time when you give and receive presents.

Activities to conducted

1. Pre- primary students will come in Santa dress.
 2. Christmas tree decorations competition.
-

3. Gift wrapping competition.
4. Prepare a Selfie Corner for children.

January 2025

26 January 2025 - Republic Day (Sunday)

On 26th January, we celebrate republic day every consecutive year in India. In 1950, the Constitution was started by our freedom fighters. India turned into a secular and law-based or democratic nation on this day. On this day, all the workplaces and organizations stay close as this day is a national occasion. Enjoy the freedom of the country, but always remember the responsibility it gives us – to protect the nation and make it better. Happy Republic Day.

1. Flag Hoisting
2. Cultural Program
3. Sweet Distribution

February 2025

2 February 2025- Basant Panchami (Sunday)

As per Hindu beliefs Maa Saraswati the deity of learning, music and art was born on this day and thus to achieve wisdom and art from her people celebrate Basant Panchami as Saraswati Pooja. This day is very auspicious; people start new work, get married or start anything new on this day.

Why do we wear yellow clothes on Basant Panchami?

Yellow is believed to be the favorite colour of the Goddess. Yellow-colored clothes are donned by people on this occasion while offering yellow flowers to the Goddess with a yellow tilak on their forehead. Yellow is also deeply associated with auspiciousness, wisdom, and teachers in India.

Educational Tours and Visits 2024-2025

These tours provide the students with the opportunity of learning through travel, especially to places that they may not otherwise get to visit. Educational trips provide valuable educational opportunities away from the classroom, without using textbooks and other tools which are used in a normal school setting. Students on educational trips can often learn while having fun in a more informal environment. If the educational trip destination has a professional guide who do hands-on teaching to visiting students such as at a science center or historical museum, the learners will be excited to learn from someone new.

Ideally, we plan two Educational Tour in an Academic Year. First in the month of May and second in the month of December.

The Tour dates are 15th May 2024 to 20th May 2024 and 25th December 2024 to 1st January 2025.

School Functions

Science Exhibition – Science Exhibition will be organized on 28th February 2025

Talk Show: SHANA Talk Show will be organized in the second week of February 2025.

Sports Day will be organized on 24th December 2024.

Samvit Gurukulam

SHANA International School has a humble hostel which we prefer to call Samvit Gurukulam – which accommodates 108 students. At present, we are taking only boys.

Members of the teaching staff, who live in staff quarters within a Gurukulam, act as home-parents. Life in the homes is meant to develop the values of co-operation, self-restraint, and sharing. The interaction between teachers and students outside the classroom is considered a very important part of living and learning at SHANA International School. The school does not have a system of house or class prefects; no student has authority over another.

In this ambience, students generally relate to each other in a friendly and accepting manner, with younger ones not afraid of the older ones. We like to think of the school community in terms of a large, extended family. They get up early morning, go for Yoga, meditation and prayer sessions on daily basis. Apart from this, the children have mentors who help them with their studies. We don't allow students with any kind of electronic gadgets. We offer them variety of sports like Swimming, Basket Ball, Football, Volley ball and crickets. Daily Power session with Kamlesh Sir is the special feature of our Home Culture.
